Detailed Project Description and Justification:

This capital request is a life, health, and public safety priority, and is a priority of the Spenard Community Council. This effort is important to the Anchorage area because it provides cost-effective public safety. The Patrol monitors the west side of Anchorage from downtown to Rabbit Creek Road, and is run entirely by volunteers who spend their own money operating this important service. Due to rising fuel costs and other equipment expenses, participating in the patrol has become cost prohibitive for some volunteers. This appropriation, through the Federation of Community Councils, would help offset these costs and allow the Patrol to continue to ensure the safety and wellbeing of West Anchorage at night.

Project Timeline:

If allocated, money will be put toward monthly expenses starting immediately.
